Workplace Performance Initiative

CoreNet Global UK has joined the Workplace Performance Initiative (WPI), which is a consortium of business, property and consulting organisations including Arlington Securities Ltd, The BDE Group, the IoD, Olswang, Haywards and Stonemartin.

It aims to help small and medium sized companies understand the impact of the workplace on the bottom line and provide practical guidance, as well as challenge attitudes towards the workplace, provoking business leaders to look again at what many assume are fixed, sunk, associated costs such as rent, rates and day-to-day running costs like cleaning and security.

A series of workshops is planned throughout the UK – see Diary Dates - providing practical, interactive sessions to help benchmark your position against others: <http://www.workplaceperformance.net/email/WPI2.html>.
