## UK Chapter strengthens voice

The UK Board recently concluded that the Chapter's size and level of activity warranted the appointment of a dedicated PR Consultancy: to increase CoreNet's influence as the voice of the end-user; to differentiate itself from other property related organisations; and, most importantly, to demonstrate added value to its membership. This will be accomplished by:

- Providing wider media coverage of CoreNet issues to increase awareness
- Reinforcing the benefits of CoreNet membership, both to current and potential members, especially to the end user
- Providing a co-ordinated programme of communication for all the CoreNet activity streams
- Exploiting all media opportunities, from the press to the website

We are delighted to announce that M&N Associates have been selected to undertake this role, and we look forward to working with them in the future.
